Message

I am happy to note that the “Mahatma Gandhi University” is a dynamic learning environment, offering numerous courses including IT, Management, Traditional, Education, Professional and Skill Development Programmes. The courses offered are designed to tap and develop the creative intelligence and managerial skills of individuals, thereby producing potential professionals that will take part in the growth of their own as well as their Nation.

The University has taken an initiative to make education reach all individuals irrespective of the confines of a classroom and make it available to the interested students. Their focus is to help students realize their full potential and acquire knowledge, values and skill sets and also develop aptitude required for the contemporary world of work.

I send my best wishes and greetings to everyone associated with Mahatma Gandhi University.

Wishing you good luck for further endeavors.

Yours Sincerely,

(Kodikunnil Suresh)
