Date : 24th May, 2012

I am happy to know that Mahatma Gandhi University Meghalaya has been established with the purpose of dissemination of knowledge and quality education in north eastern states of our country.

Higher education helps individuals achieve their potential and improve the quality of life. It is equally important that higher education must inculcate among the students the feeling of social responsibility and community service.

I am confident that the contents of the prospectus would be useful for the students. My best wishes for the success of this endeavour.

(Akhilesh Yadav)
